

Database publishing tools for QuarkXPress™ and InDesign® for MacOS and Windows.
 Bi-directional database connection to QuarkXPress by DATAformXTension and to InDesign by DATAformPlugin.

DATAform add-on

1 DATAformXTension for QuarkXPress or DATAformPlugin for InDesign	1100,- €
5 DATAformXTensions or DATAformPlugins each	960,- €

€ (EURO) 1100 is approximately (USD) \$ 1500.
 An exact conversion of currency you may find at www.oanda.com

DATAform developer licence / DATAform volume agreement

Singular licence fee for developers for higher volume markets 4700,- €
 You may alternatively purchase your first ten add-ons at regular prices within two years.
 Then in both cases these reduced prices apply:

1 DATAform add-on (XTension for QuarkXPress or Plugin for InDesign)	550,- €
5 DATAform add-ons, each	480,- €
10 DATAform add-ons, each	420,- €
20 DATAform add-ons, each	360,- €
50 DATAform add-ons, each	330,- €

Updates

- from DATAformXTension for QuarkXPress 7 to 8: 50% of the above prices
- from DATAformXTension for QuarkXPress 8 to 9: 50% of the above prices
- from DATAformPlugin for InDesign CS4 to CS5: 50% of the above prices
- from DATAformPlugin for InDesign CS5 to CS5.5: 25% of the above prices
- Updates within a version like 8.x or CS5.5.x are free of charge.

Including

- DATAformXTension handbook.
 The [DATAformXTension developer handbook may be downloaded here](#) as a pdf file.
 Since DATAformPlugin works the same like DATAformXTension this handbook applies to both add-ons.
- The current versions of [DATAformXTensions or Plugin may be downloaded here](#).
 With your license number the add-on will work as a full version.
- Interface for the clear reading and writing of text with DATAformTags in 4D.
- The interface is included as a plain text file, too and may be used as a coding template for other databases or development systems. [DATAform database interface can be found here](#).
- For free e-mail support [mail to: DATAform@gassenhuber.de](mailto:DATAform@gassenhuber.de)
